How to Use This Form

1. Open the live website at the URL above.
2. For each item, test it on both desktop and mobile.
3. Check off (✓) items that work correctly. Mark (✗) for issues.
4. Rate each section's overall experience from 1 (poor) to 5 (excellent).
5. Use the blank lines to describe any issues in detail.
6. Think like each of these guests while you review:

Persona 1 — Grandma Jean (non-technical older guest): Not comfortable with technology. Needs large, clear text. Gets confused by too many options or jargon. Expects obvious buttons and simple navigation. Wants clear directions.

Persona 2 — Cousin Tyler (tech-savvy younger guest): Lives on his phone. Expects smooth animations, modern design, shareable content. Judges loading speed harshly. Will try edge cases.

Persona 3 — Guest on a phone at the airport: Spotty connection. Small screen. One-handed scrolling. Needs forms that are easy to fill on mobile.

Persona 4 — Aunt Sarah (vision-impaired): Needs high contrast, readable fonts, alt text on images. Uses screen reader or zoom. Relies on clear focus indicators.

Persona 5 — Uncle Mark (dietary restrictions): Needs to find meal info quickly. Wants clear labeling of V/VG/GF options. Needs a way to communicate restrictions.

SECTION 1: FIRST IMPRESSIONS & GLOBAL CHROME

1A. Site Password Gate

Item	✓/✗	Notes
Password prompt appears before any page loads		

Item	✓/✗	Notes
Gate design is clear and welcoming (not alarming)	☐	
Instructions explain what the password is and how to get it	☐	
Invalid password shows a clear error message	☐	
After entering correct password, cookie persists (no re-prompt on reload)	☐	
Password gate looks good on mobile	☐	
Grandma Jean: Is the gate confusing or intimidating?	☐	

Notes:

1B. StarrySky Background

Item	✓/✗	Notes
Animated starfield visible behind all page content	☐	
Stars twinkle at varying speeds (not uniform)	☐	
Occasional shooting stars appear	☐	
Animation is smooth (no jank, no frame drops)	☐	
Does NOT animate when browser prefers reduced motion	☐	
Background is fixed (does not scroll with content)	☐	
Stars are subtle — don't distract from reading text	☐	
Performance is acceptable on older phones	☐	

Notes:

1C. Navigation — Desktop

Item	✓/✗	Notes
Logo (J & A initials) is visible top-left	☐	
Logo links to homepage	☐
